Training program

Data analyst Intern (cosmic365)

Jan 2024

- **Gained hands on experience in Data handling and Research**
- Experience in handling of large data sets and visualization in UI and UX
- Learned how to deploy the analyst tools in real time projects

Techvanto Academy

May 2022 - July 2023

- **Gained hands-on experience in Python and Machine Learning.**
- Learned Python on a weekly basis and given the test.
- Created a project from which I have learnt by the guidance of techvanto team.

TECHNICAL SKILLS

Expertise Area: Competitive Programming, and Object-Oriented Programming.

Web Technologies: HTML, CSS, JavaScript,

Miscellaneous: Git, GitHub, Software Testing, Linux OS,

Programming Languages: C++, C, Python, Django, Data Science **Database:** NoSQL, RDBMS.

PROJECT

Exploratory Machine Learning [Python]

Dec 2023

- Created a project for analysis of stock prediction using Python and Machine Learning.
- Predict the stock that is going to boom in the next 30 days using machine learning algorithms and data analysis techniques.
- The dataset is sourced from Kaggle and is preprocessed and trained for optimal results.
- The Algorithm is flexible to change according to Dataset with Good accuracy

Exploratory Data Science [Python]

Mar 2023

- A real-time software made using Python. Categories and mobilenumber.
- Where user can specify their requirement and result get directly reflected on UI
- Prepared a datasheet by own and connected through MYSQL and change are directly recorded in database, Visualizable by using visualization tools.
- Built and deployed on Framework

Sudoku Solver [C++]

Nov 2021

- A simple C++ program to solve and display valid sudoku using Backtracking Algorithm and C++.

ACHIEVEMENTS AND CERTIFICATE

- **Rank 311 in the Institute on Geek For Geeks out of 25657 and solved 200+ problems. (handle)**
- Participated in **the Smart India Hackathon**, we built a Exploratory Machine Learning.
- Successfully completed the **2023 Complete Python course on Coursera. (Certificate)**
- Successfully completed Machine Learning by **Techvanto Academy. (Certificate)**
- **Solved 300+ programming problems** across all online coding platforms. **(handle)**
- Successfully completed "**Renewable Energy: Fundamentals and Job Opportunities**" on Coursera.

PROFILES

- Max Leet Code rating.(handle)
- My Hacker Rank Handle (handle)
- **Red Hat** Linux (handle)

EDUCATION

Lovely Professional University, Phagwara, Punjab, India

August 2021 - Present

Bachelor of Technology - Computer Science and Engineering

CGPA: 7.3/10.0

Govt Polytechnic Collage JNTU, Anantapur, Andhra Pradesh, India

April 2019 - April 2020

State Board of Technical Education and training

Lakshmi Concept School, Anantapur, Andhra Pradesh, India

April 2017 - April 2018

Secondary School Certificate

POSITIONS OF RESPONSIBILITY

Sixtyblacky.com

Front-End section of the project, working on core advanced concept of UI/UX development.

Competitive Programming Lead:

Guided and organized Various Competitive Programming contests.
